**The PCIM Asia Conference 2023 is an exciting opportunity for experts in the field of power electronics to present their research, scientific papers and new technology trends to an audience of over 500 industry peers. As part of PCIM Asia, held from 29 – 31 August 2023 at the Shanghai International Expo Center, the conference is inviting interested individuals to submit abstracts to be incorporated into the conference proceedings and published in scientific databases. The call for papers closes on 15 March 2023.**

PCIM Asia 2023 and the PCIM Asia Conference will once again offer an in-depth exploration of the latest developments in the power electronics industry, with a range of interactive seminars, workshops, and networking opportunities. Attendees can expect to gain valuable insights into the latest technology trends, market opportunities, and best practices from industry experts.

Prof. Dr. Leo Lorenz, Chairman of the PCIM Advisory Board shared his thoughts on the upcoming edition: “PCIM Asia 2023 is set to remain as one of the most important events of the year for the power electronics and intelligent motion industry in the region. It will once again provide a platform for industry professionals to come together to discuss the latest technologies, trends, and developments in the field, and to build relationships that will last far beyond the event.”

The “Electrification of Transportation Systems” will be highlighted at the 2023 conference alongside other key topics including:

- Advanced Power Semiconductors
- Packaging and Reliability
- Passive Components and Integration
- AC/DC Converter
- DC/DC Converter
- Digital Power Conversion
- Motor Drive & Motion Control
- High Frequency Power Electronic Converters and Inverters
- Automotive Power Electronics
- System Reliability
- Power Quality Solutions
- Smart Grid Power Electronics

Messe Frankfurt (HK) Ltd  
35/F China Resources Building  
26 Harbour Road  
Wanchai, Hong Kong

- Power Electronics in Transmission Systems

The submissions will be reviewed by the PCIM Asia Advisory Board, and upon their acceptance will be considered for a 20-minute talk or poster session. Successful submissions will also be included in the PCIM Asia conference proceedings, as well as in the Ei Comendex, IEEEExplore, IET Inspec-Direct and Scopus scientific databases.

As always, there will be three awards honouring the most outstanding achievements and contributions of researchers, with all winners receiving an attractive prize. Awards include “The Best Paper Award” for the best overall submission, “The Young Engineer Award”, which recognises an engineer under the age of 35 for an outstanding paper and “The University Scientist Award” for universities best promoting the development of the power electronics industry.

Further information on the call for papers and the detailed submission requirements are available [here](#).

PCIM Asia is jointly organised by Guangzhou Guangya Messe Frankfurt Co Ltd and Mesago Messe Frankfurt GmbH. To find out more about PCIM Asia, please visit [www.pcimasia-expo.com](http://www.pcimasia-expo.com) or email [pcimasia@china.messefrankfurt.com](mailto:pcimasia@china.messefrankfurt.com).

#### **Background information on Messe Frankfurt**

The Messe Frankfurt Group is one of the world’s leading trade fair, congress and event organisers with their own exhibition grounds. With a workforce of some 2,200\* people at its headquarters in Frankfurt am Main and in 28 subsidiaries, it organises events around the world. Group sales in financial year 2022 were around €450 million\*. We serve our customers’ business interests efficiently within the framework of our Fairs & Events, Locations and Services business fields. One of Messe Frankfurt’s key strengths is its powerful and closely knit global sales network, which covers around 180 countries in all regions of the world. Our comprehensive range of services – both onsite and online – ensures that customers worldwide enjoy consistently high quality and flexibility when planning, organising and running their events. We are using our digital expertise to develop new business models. The wide range of services includes renting exhibition grounds, trade fair construction and marketing, personnel and food services. Sustainability is a central pillar of our corporate strategy. Here, we strike a healthy balance between ecological and economic interests, social responsibility and diversity. For more information, please visit our website at: [www.messefrankfurt.com/sustainability](http://www.messefrankfurt.com/sustainability). With its headquarters in Frankfurt am Main, the company is owned by the City of Frankfurt (60 percent) and the State of Hesse (40 percent). For more information, please visit our website at: [www.messefrankfurt.com](http://www.messefrankfurt.com)
